## FLEX-TITE INSULATION CLIPS

Victory Bear Flex-Tite insulation clips are quick, easy, and efficient to work with. They provide a finishing touch that is attractive as well as functional. They are designed to save labor in installation, and save energy once finished.

### Features & Benefits

- **Energy Efficient Design** – Our Flex-Tite system seals tightly against the insulation board to **reduce thermal loss** at the seams.
- **Easy Installation** – Flex-Tite clips' two-piece design allows for **easy installation**.
- **Convenient Fastening Area** – All Flex-Tite and Quick Clip systems have a convenient fastening leg for easy access with a nail gun, reducing installation time.
- **Reduce costs with Impact-Resistant PVC** – Our Flex Tite systems are designed to withstand the high impact of nail guns and power saws, **saving you labor costs**.
- **Attractive Finish** – Our Flex-Tite systems are manufactured to an **attractive** white finish and do not require painting. Call for custom color applications.
- **UL Tested** – Class A material, tested by Underwriters Laboratories (UL 723 – test for surface burning characteristics of building materials). Flame spread is 0 and smoke developed equals 190.

## FLEX-TITE INSULATION CLIPS

J-Channel

### Installation

- **Step 1** – Align the Flex-Tite J-Channel horizontally at the desired height and check for level. Nail or staple into place.
- **Step 2** – Align the Flex-Tite female clip vertically at desired spacing and check for plumb. Nail or staple into place.
- **Step 3** – Install insulation and Flex-Tite male, then repeat.

| Flex-Tite & Insulation Board Sizing Chart |                             |                               |
|---|-----------------------------|-------------------------------|
| Insulation Board Thickness                | Corresponding Fukuvi Male # | Corresponding Fukuvi Female # |
| 1.0"                                      | FTM03                       | FTF1                          |
| 1.25"                                     | FTM06                       | FTF1                          |
| 1.5                                       | FTM09                       | FTF1                          |
| 1.55"                                     | FTM10                       | FTF1                          |
| 1.75"                                     | FTM12                       | FTF1                          |
| 2.0"                                      | FTM05                       | FTF2                          |
| 2.25"                                     | FTM06                       | FTF2                          |
