

FLEXY FORM

Victory Bear Flexy Form allows you to create curved concrete walkways and patios with ease.

The Flexy Form's innovative, patent-pending clip system makes it easy to quickly adjust positioning for a wide range of stake sizes.

Flexy Form is made from pre-consumer regrind PVC. It is easy to use, lightweight, and reusable.

FEATURES & BENEFITS

Flexible to a 3 ft. Radius

Easily bend to create attractive curves.

Easy Cleanup

Concrete will not stick to PVC.

Innovative Clip System

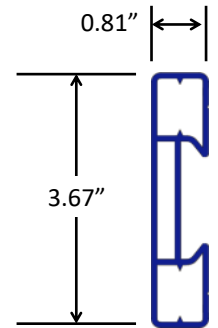

Unique clip system allows easy insertion and removal, and fast attachment for a wide variety of stake sizes.

Lightweight

The Flexy Form's slimmer profile allows for easy handling and storage.

FLEXY FORM

The Flexy Form's innovative clip system allows easy insertion, removal, and adjustment. Its design allows fast attachment for a multitude of stake sizes.
